

WEATHER-LAC

Paint & Varnish Remover

Weather-Lac

Weather-Lac is an instant paint and varnish remover. It is absorbed by the paint film and the film starts to swell and the paint can be easily removed by scraping. Weather-Lac can be applied on all painted surfaces by brushing or spraying or immersing the articles in the dip-tank.

Direction for Use

Weather-Lac can be applied on the painted surfaces to remove the paint, by brushing, spraying or immersing.

Note:- Please use protection glasses & hand gloves.
